Grant or Partnership Project/Event Name_____

Volunteer and "In-kind" Donations

For collaborative heritage programming, the Muscle Shoals National Heritage Area may match its federal grant(s) with the fair value of contributed volunteers' time, hours worked on another organization's non-federal payroll, donated professional services, material goods and donated mileage, provided that the goods, services, and time are not reimbursed from a federally funded source. This private investment in heritage programs enables MSNHA to fulfill its requirement to match every federal dollar 1:1 with non-federal dollars and to continue working on important local programs.
